

TOTE ON ASCOT

*Celebrate all together,
your way*

Tote on Ascot is the definition of refined tradition. Originally built in 1885 and once home to the world's first automatic totalisator machine, today this charming building has been painstakingly restored to accommodate events of all sizes, from the opulent — to the intimate.

Elegant oak floors and a meticulously preserved open-beamed ceiling create an open space which is warm and welcoming. While the Italian granite, titanium and leather bar makes for an inviting refreshment stop.

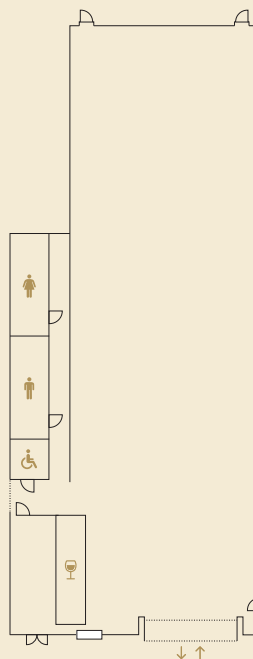

Venue Hire

Tote on Ascot is available for hire for events, functions, parties, weddings and exhibitions. Located close to the motorway and just seven kilometres from the city centre, with ample free car parking and accommodation options a short walk away, Tote on Ascot is the stylish and convenient choice for your next event.

If you'd like someone to take the stress and hassle out of planning your function, our professional account managers would be thrilled to manage your event and tailor the venue to your needs.

Please contact us for more information or to arrange a time to view.
